I. Introduction

This guide is for users who need an Enterprise Identity Data Management (EIDM) account and/or 'Physician Quality and Value Program' role to submit or access QPP data. This guide provides:

1. Guidance about the users who need an EIDM account and 'Physician Quality and Value Program' role

2. Guidance for choosing the right role for your needs

3. Step-by-step instructions for users to create an EIDM account in the CMS Enterprise Portal

4. Step-by-step instructions for users to request a role in the CMS Enterprise Portal using their existing EIDM account

Note: This guide was updated on 4/16/2018 to include information for CMS Web Interface and/or CAHPS for MIPS survey registration for performance year 2018.

What's Changing?

Clinicians and third-party organizations who have reported to the Physician Quality Reporting System (PQRS) will recognize the EIDM roles needed for submission. (Please note that EIDM has retained the PQRS naming convention for roles associated with QPP submission.) However, there are a few changes to the users who will need EIDM accounts and how they will request the necessary roles:

1. While Accountable Care Organizations (ACOs) will continue to obtain an EIDM account and role to report Quality data at the entity level, **groups participating in a Shared Savings Program (SSP) ACO** must obtain their own EIDM accounts and roles under their Participant TIN to submit and meet the Advancing Care Information requirements under MIPS for purposes of the MIPS APM Scoring Standard and the Shared Savings Program ACO-11 quality measure.

2. **Electronic Health Record (EHR) or other Health IT Vendors** reporting data on behalf of their clients will need to secure the appropriate EIDM role for **each TIN** (group or individual clinicians) they're reporting on behalf of; this does not apply to Health IT vendors who are CMS-approved Qualified Clinical Data Registries or Qualified Registries.

3. **Groups (including MIPS APMs), Comprehensive Primary Care Plus (CPC+) practices, and individual practitioners that have contracted with an EHR/Health IT Vendor to report data on their behalf** will need to appoint an authorized representative to obtain an EIDM account with a Provider Approver role to approve the submitter role for the Vendor.

4. **NEW: Beginning with the 2018 Performance Year, a Security Official role is required to register a group for the CMS Web Interface and/or CAHPS for MIPS survey**.

II. Who Needs an EIDM account and 'Physician Quality and Value Programs' Role for QPP?

1. Clinicians, groups, MIPS APMs, and certain Advanced APM participants that:

   o Will be submitting data directly to qpp.cms.gov

   o Have secured an EHR/Health IT Vendor to submit their data to qpp.cms.gov (other than a CMS-approved Qualified Clinical Data Registry or Qualified Registry)

   o Want to view the data submitted on their behalf by a third party

   o Want to register their group for the CMS Web Interface and/or the CAHPS for MIPS survey (groups only)

2. Qualified Clinical Data Registries, Qualified Registries, and EHR/Health IT Vendors that will be submitting data directly to qpp.cms.gov on behalf of their clients

All EIDM account holders must be in the United States of America

Who?	Why?
Accountable Care Organizations (ACOs): Shared Savings Program (SSP) (Primary TIN)	ACO representatives that will be reporting Quality data through the CMS Web Interface on behalf of the entire ACO **Note:** For ACO entity level Quality reporting, please see the 2017 ACO EIDM Registration Guide on the ACO Portal, accessible through the Resource Library and the CMS Enterprise Portal. On the CMS Enterprise Portal, it is listed under "2017 Quality Measurement and Reporting Guides." Only ACO Health Plan Management System contacts with a CMS user ID can access the Shared Savings Program ACO Portal. **IMPORTANT!** Groups participating in a Shared Savings Program (SSP) ACO must obtain EIDM accounts and roles under their Participant TIN to submit and meet the Advancing Care Information requirements under MIPS for purposes of the MIPS APM Scoring Standard and the Shared Savings Program ACO-11 quality measure. (Note that the Participant TIN must be different than the ACO Primary TIN for EIDM registration.)
ACOs: Next Generation (NGACO) (Primary TIN)	ACO representatives that will be reporting Quality data through the CMS Web Interface on behalf of the entire ACO

III. Which Role Do I Need?

For 2017 Quality Payment Program data submission, users will continue to request the same roles that were needed to submit data to the Physician Quality Reporting System (PQRS).

Please note: Even though the EIDM naming convention still refers to "PQRS", these are the roles needed for QPP submission.

IV. What Do I Do Now?

- **Determine whether your organization is already registered in EIDM**

  To find out if your practice or organization is already registered in the EIDM, please contact the Quality Payment Program by phone at 1-866-288-8292 / TTY 877-715-6222 or by email at qpp@cms.hhs.gov. You will need to provide the group's TIN and the name of the group.

- **Identify your organization's Security Official**

  To determine the group's Security Official, please contact the Quality Payment Program by phone at 1-866-288-8292 / TTY 877-715-6222 or by email at qpp@cms.hhs.gov. You will need to provide the group's TIN and the name of the group.

  If your group does not already have a Security Official, designate one.

- **Gather the required information for each role**
  - Users requesting the **Security Official** role must provide:
    - Group's Medicare billing TIN,
    - Legal Business Name,
    - Rendering NPIs for **two different** eligible clinicians who bill under the TIN and their corresponding individual Provider Transaction Access Numbers (PTANs) (do not use the GROUP NPI or GROUP PTAN), and
    - Organization Address, City, State, Zip Code, and Phone Number.
  - Users requesting the **Individual Practitioner** role must provide:
    - Clinician's Name,
    - Clinician's Medicare billing TIN,
    - Legal Business Name,
    - Clinician's Rendering NPI and corresponding individual Provider Transaction Access Numbers (PTAN), and
    - Address, City, State, Zip Code, and Phone Number.

Identity Verification

To protect your privacy, you will need to complete Identity Verification successfully, before requesting access to the selected role. Below are a few items to keep in mind.

1. Ensure that you have entered your legal name, current home address, primary phone number, date of birth and E-mail address correctly. We will only collect personal information to verify your identity with Experian, an external Identity Verification provider.
2. Identity Verification involves Experian using information from your credit report to help confirm your identity. As a result, you may see an entry called a "soft inquiry" on your Experian credit report. Soft inquiries do not affect your credit score and you do not incur any charges related to them.
3. You may need to have access to your personal and credit report information, as the Experian application will pose questions to you, based on data in their files. For additional information, please see the Experian Consumer Assistance website -http://www.experian.com/help/

If you elect to proceed now, you will be prompted with a Terms and Conditions statement that explains how your Personal Identifiable Information (PII) is used to confirm your identity. To continue this process, select 'Next'.

Protecting Your Privacy

Protecting your Privacy is a top priority at CMS. We are committed to ensuring the security and confidentiality of the user registering to EIDM. Please read the CMS Privacy Act Statement , which describes how we use the information you provide.

Personal information is described as data that is unique to an individual, such as a name, address, telephone number, Social Security Number, and date of birth (DOB). CMS is very aware of the privacy concerns around PII data. In fact, we share your concerns. We will only collect personal information to verify your identity. Your information will be disclosed to Experian, an external authentication service provider, to help us verify your identity. If collected, we will validate your Social Security Number with Experian only for the purposes of verifying your identity. Experian verifies the information you give us against their records. We may also use your answers to the challenge questions and other PII to later identify you in case you forget or misplace your User ID /Password.

HHS Rules Of Behavior

We encourage you to read the HHS Rules of Behavior , which provides the appropriate use of all HHS information technology resources for Department users, including Federal employees, contractors, and other system users.

I have read the HHS Rules of Behavior (HHS RoB), version 2010-0002.001S, dated August 26 2010 and understand and agree to comply with its provisions. I understand that violations of the HHS RoB or information security policies and standards may lead to disciplinary action, up to and including termination of employment; removal or debarment from work on Federal contracts or projects; and/or revocation of access to Federal information, information systems, and/or facilities; and may also include criminal penalties and/or imprisonment. I understand that exceptions to the HHS RoB must be authorized in advance in writing by the OPDIV Chief Information Officer or his/her designee. I also understand that violation of laws, such as the Privacy Act of 1974, copyright law, and 18 USC 2071, which the HHS RoB draw upon, can result in monetary fines and/or criminal charges that may result in imprisonment.

Identity Verification

I understand that the identity proofing services being requested are regulated by the Fair Credit Reporting Act and that my explicit consent is required to use these services. I understand that any special procedures established by CMS for identity proofing using Experian have been met and the services requested by CMS to Experian will be used solely to confirm the applicant's identity to avoid fraudulent transactions in the applicant's name.

I agree to the terms and conditions ☑

Request New Application Access

Register Your Phone, Computer, or E-mail

Adding a Security Code to your login also known as Multi-Factor Authentication (MFA) can make your login more secure by providing an extra layer of protection to your user name and password.

You can associate the Security Code to your profile by registering your Phone, Computer or E-mail. Select the links below to find out more information about the options.

▽ **Phone/Tablet/PC/Laptop**
To use the Validation and ID Protection (VIP) access software on your phone or computer, you must download the VIP Access software, if you do not already have it. Select the following link - https://m.vip.symantec.com

▽ **Text Message Short Message Service (SMS)**
The SMS option will send your Security Code directly to your mobile device via text message. This option requires you to provide a ten (10) digits U.S. phone number for a mobile device that is capable of receiving text messages. Carrier service charges may apply for this option.

▽ **Interactive Voice Response (IVR)**
The IVR option will communicate your Security Code through a voice message that will be sent directly to your phone. This option requires you to provide a valid ten (10) digits U.S. phone number and (Optional) extension that will be used during login to obtain the Security Code. The extension may begin with any one of the following: asterisks '*'; period '.'; comma ','; pound '#', followed by numeric 0 to 9. For example: 4885554444, 1112.

- , (comma) Creates a short delay of approximately 2 seconds;

- . (period) Creates a longer delay of approximately 5 seconds;

- * (asterisk) Used by some phone systems to access an extension; and

- # (pound/hash) Used by some phone systems to access an extension;

You may use a comma if you are not sure of the special character supported by your phone system.
To access the application, you must enter the provided Security Code on the login page. Carrier service charges may apply for this option.

▽ **E-mail**
The E-mail address on your profile will be used when registering for Multi-Factor Authentication (MFA) using the E-mail option. When logging into a secure application, your Security Code that is required at the login page will be E-mailed to the E-mail address on your profile.

Please note that you are only allowed two attempts to register your MFA device. If you are unable to register your device within two attempts please log out, then log back in to try again.

Select the MFA Device Type that you want to use to login to secure applications from the dropdown menu below.

* MFA Device Type: Phone/Tablet/PC/Laptop ▼
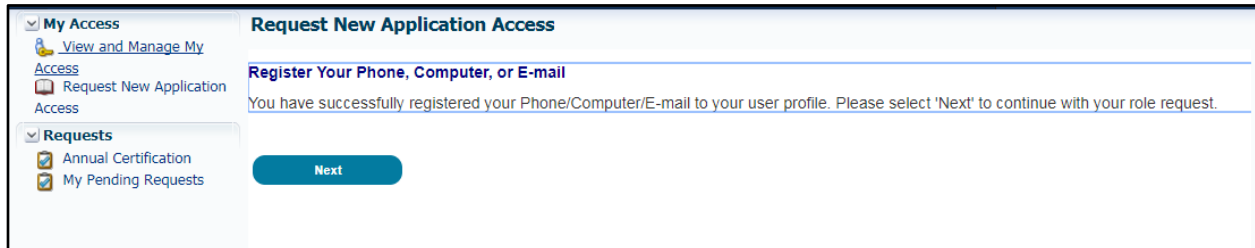

Enter the alphanumeric code that displays under the label Credential ID on your device.

* Credential ID : [   ]

* MFA Device Description: [   ]

VII. Requesting a Provider Role

Once an organization or individual practitioner has a user with a 'Provider Approver' role, additional users can request roles for the organization.

***IMPORTANT note for EHR/Health IT Vendors** (that are **not** CMS-approved Qualified Clinical Data Registries or Qualified Registries):* If you are reporting QPP data on behalf of your clients, you will need to repeat these steps for **EACH TIN** ('organization' or 'individual practitioner') for whom you are submitting data.

Please note: Even though the EIDM naming convention still refers to "PQRS", these are the roles needed for QPP submission.

1. Navigate to https://portal.cms.gov. The CMS Enterprise Portal home page is displayed.

2. Once on the page, enter your EIDM **user ID** and **password**. Select **Agree to our Terms & Conditions** checkbox and then select **Login** on the CMS Enterprise Portal.

Identity Verification

To protect your privacy, you will need to complete Identity Verification successfully, before requesting access to the selected role. Below are a few items to keep in mind.

1. Ensure that you have entered your legal name, current home address, primary phone number, date of birth and E-mail address correctly. We will only collect personal information to verify your identity with Experian, an external Identity Verification provider.
2. Identity Verification involves Experian using information from your credit report to help confirm your identity. As a result, you may see an entry called a "soft inquiry" on your Experian credit report. Soft inquiries do not affect your credit score and you do not incur any charges related to them.
3. You may need to have access to your personal and credit report information, as the Experian application will pose questions to you, based on data in their files. For additional information, please see the Experian Consumer Assistance website -http://www.experian.com/help/

If you elect to proceed now, you will be prompted with a Terms and Conditions statement that explains how your Personal Identifiable Information (PII) is used to confirm your identity. To continue this process, select 'Next'.

Protecting Your Privacy

Protecting your Privacy is a top priority at CMS. We are committed to ensuring the security and confidentiality of the user registering to EIDM. Please read the CMS Privacy Act Statement , which describes how we use the information you provide.

Personal information is described as data that is unique to an individual, such as a name, address, telephone number, Social Security Number, and date of birth (DOB). CMS is very aware of the privacy concerns around PII data. In fact, we share your concerns. We will only collect personal information to verify your identity. Your information will be disclosed to Experian, an external authentication service provider, to help us verify your identity. If collected, we will validate your Social Security Number with Experian only for the purposes of verifying your identity. Experian verifies the information you give us against their records. We may also use your answers to the challenge questions and other PII to later identify you in case you forget or misplace your User ID /Password.

HHS Rules Of Behavior

We encourage you to read the HHS Rules of Behavior , which provides the appropriate use of all HHS information technology resources for Department users, including Federal employees, contractors, and other system users.

I have read the HHS Rules of Behavior (HHS RoB), version 2010-0002.001S, dated August 26 2010 and understand and agree to comply with its provisions. I understand that violations of the HHS RoB or information security policies and standards may lead to disciplinary action, up to and including termination of employment; removal or debarment from work on Federal contracts or projects; and/or revocation of access to Federal information, information systems, and/or facilities; and may also include criminal penalties and/or imprisonment. I understand that exceptions to the HHS RoB must be authorized in advance in writing by the OPDIV Chief Information Officer or his/her designee. I also understand that violation of laws, such as the Privacy Act of 1974, copyright law, and 18 USC 2071, which the HHS RoB draw upon, can result in monetary fines and/or criminal charges that may result in imprisonment.

Identity Verification

I understand that the identity proofing services being requested are regulated by the Fair Credit Reporting Act and that my explicit consent is required to use these services. I understand that any special procedures established by CMS for identity proofing using Experian have been met and the services requested by CMS to Experian will be used solely to confirm the applicant's identity to avoid fraudulent transactions in the applicant's name.
